N/A

3. RESEARCH AND DEVELOPMENT WORKS OF THE COMPANY

N/A

4. ACTIVITIES OF THE COMPANY AND MAJOR DEVELOPMENTS REGARDING THE ACTIVITIES

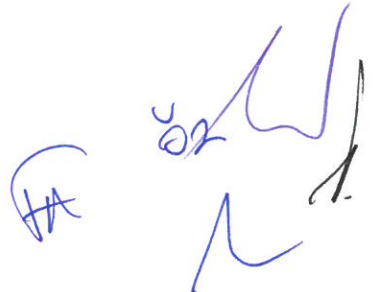

4.1. Information about the investments made by the company on the related financial year

The Company made several investments for securing company activities and assuring continuity of such activities. Having a state of the art technical infrastructure in the field of Information Technologies, the company established the current Insurance – Reinsurance program (SICS), which is recognized by the leading players of international reinsurance market, and SAP system, which is a corporate resource-planning program, and it successfully implemented the integration project between these systems. Besides, the company provided various training opportunities in areas involving the overall sector and areas related to professions of its personnel for improving competency and efficiency of its personnel.

4.2. Information regarding internal control system and internal audit activities together with Board of Directors' opinion in this matter,

The Company has decided to appoint the persons foreseen by the legislation to form internal systems consisting of Internal Control, Internal Audit and Risk Management units with the decision of Board of Directors.

With the decision of the Board of Directors, Nihan Şener was appointed as Internal Control & Risk Management & Compliance Manager; Dietrich Werner has been appointed as a member of the Board of Directors for Internal Systems and Emel Yücesoy has been appointed as Internal Auditor of the Company.

Internal control is of great importance as it is a tool used by management to ensure that the management function is executed.

The basic philosophy of the existence of internal control is based on the idea that employees act per their own interests rather than Company interests.

The absence and / or ineffectiveness of internal control function leads to the loss of business assets, to management making incomplete or incorrect decisions, abuses and various losses (customer, profitability, efficiency, etc.).

In addition to ensuring that these threats are minimized, internal control also creates opportunities for managers to measure their performance, make decisions, and evaluate transactions.

The internal control function is a system of measures that are compatible and support each other.

Some of these controls are developed based on business processes, while others operate independently of business processes.

Consequently, internal control includes all measures and methods adopted and implemented to protect the organization's plan and Company's assets, to verify the accuracy and reliability of accounting information, to increase the efficiency of its activities, and to encourage its commitment to predetermined management policies.

2017 Internal Control Plan has been confirmed in the Executive Committee meeting dated 17.05.2017 and the annual Risk Report has been approved by the Executive Committee members as of 19.12.2017.

2016 – 2017 Internal Audit Plan has been approved by Board of Directors as of 30.03.2017.

5. FINANCIAL SITUATION

- 5.1. Analysis and evaluation of financial position and activity results by the managing body; degree of implementing planned activities and the company's position against predetermined strategic goals,

Handwritten signatures and initials in blue ink, including a large signature and the number '02'.

VHV Reasürans A.Ş. operated full-time in 2017 and followed a successful financial policy on the related period. This successful policy is based on stable and strong financial infrastructure provided by VHV Group that directly and indirectly controls the capital of VHV Reasürans A.Ş. and strict protection policy implemented by the Company in its operations and its advanced information technologies infrastructure. A review of the Company's financial statements as of 2017 year-end confirms that our assets are worth TRY 127.277.692 TL and our liabilities are worth TRY 51.068.036 TL. The paid up capital of VHV Reasürans A.Ş. is TRY 65.955.272 and this capital is entirely cash capital.

Premium Production and Profitability

VHV Reasürans A.Ş. produced premium worth TRY 31.356.265 as of 31.12.2017 (2016: TRY 13.070.294). Besides, the amount of gross earned premium was TRY 28.301.743 as of 2017 year-end (2016: TRY 2.107.933). The targeted premium production and gross earned premium figures of the Company were respectively TRY 28.713.000 and 22.314.000 for the related period. VHV Reasürans A.Ş. earned commercial profit of TRY 10.302.466 at the end of 2017 and the abovementioned amount of profit exceeded the figure budgeted for the related financial period. If we bear in mind the correlation between the financial goals and actual figures of the Company, we can say that the company had a successful operating period and realized its goals.

Ability to Pay Indemnities

Our company has paid a damage amount of TRY 1.432.458 (2016: none) as of 2017 year-end. Besides, our company has financial position that is capable of covering damage payments in 2018 operating year and on following periods thanks to its financial structure and technical reserves.

5.3. Determining whether the company capital is uncovered or whether the company is in debt and evaluation of the managing body,

According to the "Regulation on Measurement and Assessment of Capital Requirements of Insurance and Reinsurance Companies and Pension Companies", which was published by the Turkish Prime Ministry Undersecretariat of Treasury, the required equity capital amount is TRY 18.559.579 as of 31.12.2017 (31 December 2016: TRY 10.842.892) based on the calculations made by the Company. The equity capital, accepted pursuant to the related regulations of the Company as of 31 December 2017, is TRY 76.715.843 and it is more than the amount of required equity capital. Accordingly, the capital of VHV Reasürans A.Ş. is covered and the company is not in debt. Nevertheless, if deemed necessary by the Company, the Company shall do necessary attempts for supporting the capital in parallel to the company operations planned for future periods.

5.4. Measures planned for improving the company's financial structure of the company, if any,

Handwritten signatures and initials in blue ink, including a large signature and several smaller initials.

For determining the measures to be taken for improving the financial structure of the company, VHV Reasürans A.Ş. follows closely sector and economic developments, analyzes risks in detail by adopting a risk driven approach and, accordingly, the Company follows a reinsurance policy based on protection with a conservative approach. Besides, the company receives financial consultancy service from Wave Asset Management operating within the organizational structure of VHV Group.

5.5. Information about the dividend distribution policy and if dividend is not to be distributed, the related reasons and suggestions on using the retained earnings

VHV Reasürans A.Ş. earned commercial profit amounting to TRY 10.302.466 as a result of its operations in 2017. The dividend distribution policy regarding the abovementioned profit shall be determined with a resolution to be made by the General Assembly meeting to be held by the Company in 2018.

6. RISKS AND EVALUATION OF THE MANAGING BODY

6.1. Information regarding the risk management policy of the company to be applied for the anticipated risks, if any,

In risk policies and their implementation:

- The regular information of the Board of Directors and top management concerning the risk types in activities in relation to the developments and changes in company activities, and how they appear,
- The definition, quantification and monitoring and checks of the risks in the company's basic activities as required, and the determination of the policies and risk limits in conformity with the company's goals and objectives and the principle of the substantiality of its financial body,
- The regular review of risk limits in accordance with the changes in the company's strategies, and its submission for the approval of the Board of Directors,
- Presenting all risks, prior to starting a new activity or commissioning a new product, that may result from this activity or product, and assessing them, and making sure the infrastructure and internal controls required for the management of the risks in question are carried out,
- Are generally under the responsibility of all first-degree signatory employees in accordance with the company's hierarchical structure in addition to the existing job descriptions.

6.2. Studies and reports of the early detection and management of the risk committee, if established

The Company's Risk Committee function is governed by the Executive Committee and reviews the periodic Risk Reports of the Internal Systems on a semi-annually basis and takes necessary measures.

The measures to be taken in case the risks are considered as "high" are determined by the Board of Directors.
